

A children's story series
from the mind of a real preschooler!

ELEPHANT APPRECIATION DAY

Elephant Facts

Elephants are the largest living land animal.

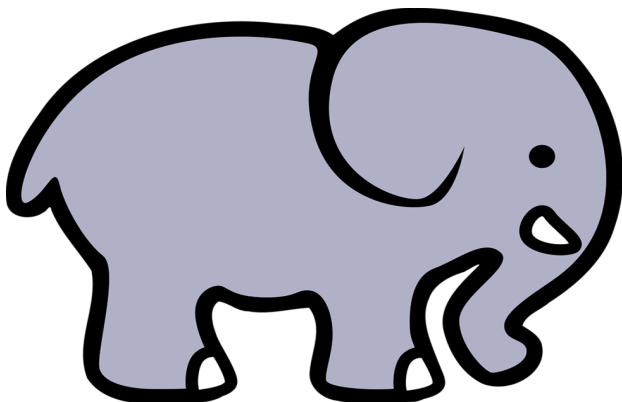

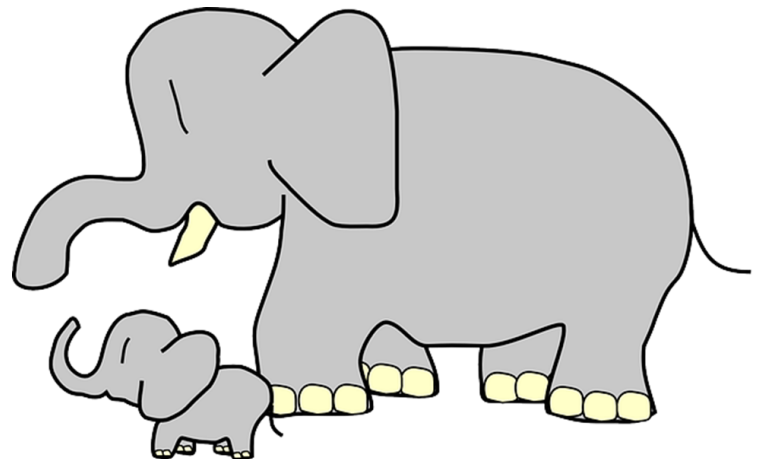

A mother elephant has help with her babies from other elephants called Aunties.

Elephants use their trunks to drink, smell, pick up food, touch, and communicate.

They also use their trunks to breathe underwater.

They eat plants, grass and fruit—they LOVE bananas!

Elephants can peel their own bananas & corn.

Elephants can't jump.

They use mud as sunscreen.

Elephants have great memories.

They are afraid of bees and dogs.
